

MULTI AFFICHAGE
équipements

EXPO

Les occasions de mettre en place un événement peuvent être nombreuses et variées sur une année (inaugurations, conférences, exposition sur stand, salons professionnels...). Ses différentes occasions vous permettent de créer des liens de confiance, de fonder des contacts avec des clients ou des partenaires potentiels, de vous positionner dans un secteur ou encore de promouvoir l'image de votre entreprise.

Nos structures d'affichages mobiles pour stands et expositions sont faciles d'utilisation, leurs montages sont très simples et très rapides, pouvant aller de 5 à 10 minutes suivant le modèle choisi. Il suffit d'emboîter les tubes en aluminium légers les uns aux autres en suivant les repères inscrits à chaque extrémité, impossible de se tromper, aucun outil n'est nécessaire.

Nous vous proposons également des comptoirs d'accueils modernes et originaux par leur design et leur facilité d'utilisation. Le tissu est facilement changeable pour différents salons avec une impression éco-solvant et une sublimation thermique de haute qualité. De plus, vous pouvez transporter en tout efficacité votre comptoir d'accueil grâce à sa valise ou son sac de transport.
